Notes:

1. The basic cost of materials and activities for courses/programs is provided through school operating budgets.
2. Course fees are charged only for supplies, services or activities, which are considered enhancements to programs/courses. These fees are estimates and may change but are for cost recovery ONLY.
3. Students/families requiring financial assistance should contact any staff member who will ensure that the students' needs are addressed in an appropriate, sensitive and confidential manner.
4. All textbooks/instruments/pieces of equipment are loaned to students at no charge. However, when they are returned in damaged form, or are lost, it is expected that the student/parent/guardian will reimburse the school for the cost of the textbook.
